Answers (for marking)

1. **confused.**
2. **blue** (not red: red was Monday).
3. **to see who was taking the socks.** This needs her to link “socks went missing” with hiding and watching.
4. Monday → **red** sock, Tuesday → **blue** sock, Wednesday → **stripy** sock (all three for the mark).
5. a (little brown) dog / the puppy from next door.
6. **the stripy one.** The trap: “red” is the first sock in the list.
7. Because it was the softest (sock). Accept “it was comfy / soft”.

What to look for: Q3 and Q7 are the “so what happened?” questions; Q6 is the “read to the end” trap; Q4 needs her to go back to each day. If she writes her own word next to a tick-box question, remind her: always tick a box.
